Creating a Colorful Difference

At Kaleidoscope Family Solutions MA, we are committed to helping adults with traumatic or acquired brain injuries live as independently and meaningfully as possible. Our services are designed to meet the unique needs of each individual, focusing on personal strengths, goals, and quality of life.

Why Kaleidoscope?

As a family-owned and operated organization, we deeply understand the importance of providing high-quality care and support for you and your loved ones. A core part of our mission is to celebrate each person's individuality, recognizing that everyone experiences and contributes to the world in their own unique way.

We provide:

- One-on-one support tailored to individual needs
- Community integration and life skills development
- Assistance with daily living and independence
- Compassionate, person-centered care

Funding provided through MassAbility. Let us help you or your loved one take the next step toward independence.

Promoting Personal Growth

Kaleidoscope is dedicated to empowering adults with traumatic and acquired brain injuries to overcome challenges, achieve their goals, and build greater independence at home and in the community. Through person-centered, goal-driven programming, we provide meaningful opportunities that foster growth, confidence, and lifelong independence.

Our dedicated staff takes the time to build meaningful relationships with each individual and family, ensuring they fully understand the services we offer. We know how important it is to find the right fit for your needs, which is why we take great pride in our thorough recruitment, interview, and training process.

Creating a Colorful Difference

LOYALTY

“We are thrilled with the services you provided when our father moved from the nursing facility back into our home. Because of your caring services, we are able to still function as a family without having to worry. Thank you because this could have been a really hard time.”

– GRATEFUL FAMILY

DEDICATION

“Robert is requesting to add more services to his POC in hopes that he can spend more time with Kaleidoscope. In the eight years that I have been working with him, your team is the first to “get” Robert. He has made more progress in the short time he has worked with you than with any of his past caregivers.”

– MASSABILITY WAIVER PROGRAM COORDINATOR

ENCOURAGEMENT

“I have worked at many TBI agencies that help people, but none have provided the training and support that Kaleidoscope has. I love helping others, so this job is perfect for me. I only wish I had found you years ago when I first started in this field.”

– CASE MANAGER
